PROPOSALS:

The proposals to be voted on at the May Meeting. You can vote at the meeting or get your vote into Patrick Schlosser before the meeting date.

If you need further explanation on this proposal contact Don Roesch.

proposal # 1: If any boater(s) prefers to be paired with a non- boater, they will be moved up to the front of the draw until all non-boaters are placed. Any remaining non-boaters will be put back into the draw as well as already paired boater(s)/non-boaters to determine boat position.

(This will be a yes or no vote. As all proposals, this will be reviewed after the season/year to make changes, accept/decline.)
