OLD BUSINESS:

* Meeting and club rules were reviewed, members are reminded that we have a minimum attendance requirements to remain in good standings. Members are reminded to review the by-laws and refresh any paperwork that is needed. Members who have work conflicts are reminded to update their file and notify the club of the time conflicts to remain in good standings.

NEW BUSINESS:

*Tournament numbers are down, a few changes were tabled for next season to generate more boaters and fish on less bust days on some lakes, any one with options or changes they would like to table please start to put them together so the 2016 committee will be able to create a fun and complete schedule next year.

* Coach reviewed some tournament rules for proper water etiquette while on the water, basically allow everyone to have a good time, the club is about teaching new members how to catch fish, If another Boater shows you a spot or pre-fishes with you ask before you invade their water, respect the direction members are fishing and always ask before you fish a spot someone is on.

Thanks and enjoy the water!
